## ATTENDANCE REGULATIONS AND PROCEDURES

In order to realize the high school educational experience to its fullest and receive credit for their efforts, Yuma Union High School District students are expected to attend all classes. Since absences occur even for the most diligent of students, an attendance policy is required. The primary responsibility for student attendance rests with parents and students. There is no substitute for actual attendance. Lectures, exercises, academic activities, tests, student discussions, media presentations, lab work and teacher assistance are each vital to academic success and learning. Successful completion of coursework in Yuma Union High School District is twofold: the student must meet academic standards and exhibit consistent attendance. Consistent attendance is defined as fewer than five absences in any class during a semester and will be adjusted appropriately for students on compressed semester schedules. Students with excessive absenteeism, more than five (5) unexcused absences, may receive No Credit (NC) for a course.

## DOCUMENTATION OF ABSENCES

Since absences do occur, procedures are in place for parents to notify the school regarding student work/time and for students to makeup the absences which exceed five in any class during any semester. Parents are encouraged to call the attendance office. A phone call or note does not absolve the student of the responsibility to make up the absence once the absences exceed five.

Health problems, which cause absences beyond the five per class, per semester, require medical certification. Acceptable documentation includes:

- A medical doctor's note or an office visit receipt
- An orthodontist/dentist's note or office visit receipt
- Absences excused through the school health office
- Chronic illnesses (chronic illness forms are available through the school nurse. Students who have chronic illness forms on file must provide the nurse's office with appropriate documentation immediately upon returning to school, as well as notifying the attendance office.) Forms must be updated annually.
- Medical documentation for mental health issues

Medical certification should be turned in when the student returns to school. Upon administrative review of the documentation, a student may be excused from attendance make up requirements.

Other absences for which proof is required that may be waived include, but are not limited to:

- A death in family (newspaper obituary, funeral home card, death certificate, etc.)
- Court appearances (copy of court documents required)
- Military appointments (orders, travel forms)
- College visits/interviews (valid, dated proof of visit)

Absences in excess of the five-day limit in any class that will not be waived include, but are not limited to:

- (a) Family vacations
- (b) Illness without a doctor's visit documentation
- (c) Religious exercise/instruction other than those approved in Board Policy
- (d) Student employment
- (e) Court dates when the student is the defendant, unless acquitted
- (f) District provided transportation
- (g) Leaving school without proper permission (considered an unexcused absence or truancy)
- (h) Hunting/fishing trips

### **TITLE I TUTORING**

Excluding those absences waived or reduced by administrative review, students must attend Title I Tutoring to earn back credit in those classes in which they have more than five absences. Title I Tutoring is offered at all school/campuses during the school year. While attending Title I Tutoring students will work on school assignments. It is the student's responsibility to obtain those assignments.

### **ADMINISTRATIVE REVIEW/WAIVERS**

Administrative reviews determine which absences may be excused or waived (in excess of five per class, per semester or in excess of three per class per quarter). These reviews follow the guidelines for excused absences stated above and may require an administrative conference.

### **TARDY**

Students are expected to be punctual. Campuses may use various techniques, to include (but not limited to) tardy sweeps, detentions and suspensions in order to minimize the number of students tardy to class. Time has been built into bell schedules to allow students ample time to pass to their next classroom site from any point on each campus within the designated passing period.

### **PERMISSION TO LEAVE CAMPUS DURING THE SCHOOL DAY**

All Yuma Union High School District #70 campuses are closed campuses. Any student leaving campus during the school day must check out through the attendance office. Permission from parents/legal guardians will be required for any student to leave campus.

Work-study situations, school activities, senior early-outs or other previously approved departures from campus are exceptions.

### **PARENTS' RIGHT TO KNOW**

Parents of students attending a Title I school may request a review of the professional preparation and qualifications of their student's classroom teachers. Requests to review teacher qualifications can be made at the Federal Programs office.

### **MCKINNEY-VENTO HOMELESS EDUCATION ACT**

Any student experiencing homelessness and in need of basic academic supplies (i.e. transportation, clothing, school supplies) can request his or her guidance counselor complete and submit a McKinney-Vento referral form to the homeless liaison. Guidance counselors and students will be notified of referral determinations within five business days.

### **LEY DE EDUCACIÓN PARA PERSONAS SIN HOGAR MCKINNEY-VENTO**

Cualquier estudiante sin hogar y en necesidad de suministros académicos básicos (como transporte, ropa, útiles escolares) puede solicitar a su consejero el completar y presentar un formulario de referencia McKinney-Vento a la persona responsable del programa. Los consejeros y estudiantes serán notificados de la determinación dentro de cinco días hábiles.

## **SCHOOL ADMISSIONS (CHOICE/OPEN ENROLLMENT)**

The Yuma Union High School District #70 is an open enrollment district according to the provisions set forth in Arizona Revised Statutes 15-816 and District Governing Board policy JFB. Specifics regarding this policy are available at the District Office and at each campus.

## **ATHLETICS**

### ***Attendance Zone Transfer***

If a student transfers schools with or without changing their domicile the potential exists for losing eligibility for up to one year. This could include being ineligible for sports and other extracurricular activities. The student and parents should discuss this matter with school administrators prior to transferring.

### ***Eligibility Standards for Arizona Interscholastic Association (AIA) Sponsored Activities***

Academic eligibility criterion shall be a passing grade in all classes in which the student is enrolled. Eligibility will be determined based on cumulative grade checks every six (6) weeks. A student who is not earning a passing grade in a class at the six (6)-week interval will be declared academically ineligible and shall remain ineligible until the requirements of eligibility are met.

- Becoming eligible after being declared ineligible requires two elements: 1) the student-athlete will not be allowed to compete for at least one (1) week (Monday through Sunday), and 2) the student-athlete must attain a passing grade in the class(es) that triggered the ineligibility.
- At the point when both required elements have been satisfied, the student-athlete becomes eligible. S/he can become eligible immediately after serving the minimum one (1)-week ineligibility period.

### ***Process for Clearance for Athletics***

Questions regarding athletics can be answered at the Athletics Office.

- Students must present proof of age, Brainbook certificate, athletic fee, consent to treat, and current physical with parent signature to Athletic Office Secretary to obtain clearance card. Students must obtain a clearance card for each sport.
- YUHSD offers a registration system that allows parents to register their athletes for sports online. Parents must create an account at [registermyathlete.com](http://registermyathlete.com) and register their son/daughter for any sport he/she will be involved in for the upcoming school year. Instructions can be picked up at each campus Athletics Office or found on the school website.
- Students must take clearance card to coach.

***STUDENTS CANNOT PARTICIPATE WITHOUT AN ATHLETIC CLEARANCE CARD!***

### ***Age Eligibility***

A student who becomes 19 years of age on or before September 1st is not eligible for athletics any part of that school year. A student must show proof of age by birth certificate or the acceptable substitutes as listed: hospital certificate of birth, Dept. of Commerce certificate, Bureau of Immigration certificate, an AZ State Health certificate, or a passport.

### ***Eligibility for students who earn a Grand Canyon Diploma***

Students who graduate with a Grand Canyon diploma will remain athletically eligible through what would have been their 8<sup>th</sup> semester at the school which they last attended, even though they are no longer enrolled at the school, as long as the school can provide proof of them being currently enrolled in an institution of higher learning.

### ***Physical Exam***

A student must have a physical exam documented on an approved AIA physical form, available in the campus Athletic Office, between March 1 and the start of the chosen sport. Parent permission for participation must be given in the form of a signed consent.

For additional information regarding AIA, visit [aiaonline.org](http://aiaonline.org)

### **STUDENT ACTIVITIES**

Students are encouraged to supplement academics with extracurricular activities. Our high schools have a variety of clubs to meet the needs of our diverse population. All clubs operate under the direction of the Activities-Office and Student Council. See the Activities-Office if you have any questions.

### **SCHOOL COUNSELING**

The School Counseling Office provides resources and support for students' post-secondary options, scholarships/financial aid, career exploration and ECAP. School counselors meet with students to discuss graduation requirements and post-secondary options. Students are encouraged to meet with their school counselor individually for further academic guidance. Students can make an appointment to see their school counselor by coming to the School Counseling Office before school, during lunch, or after school. **Parents are encouraged to contact the School Counseling Office when questions or concerns arise.**

### **PROGRAM PLANNING**

It is important that each student develop their own ECAP (Education and Career Action Plan) to reflect their current plan of coursework, career aspirations, and extended learning opportunities in order to develop their individual academic and career goals. Planning assures the student of meeting all requirements for graduation, as well as, completing courses needed to fulfill specific college/career objectives. **STUDENTS SHOULD VERIFY WITH THEIR SCHOOL COUNSELOR THAT ALL GRADUATION REQUIREMENTS WILL BE MET.**

### **GRADUATION**

For credit and testing requirements see District website or school counselor.

### **Ready Now Yuma/Grand Canyon Diploma**

In order to meet the needs of our students in the 21st Century, the state of Arizona has enacted a performance-based diploma called the Grand Canyon Diploma. In order to qualify for a Grand Canyon Diploma, students must complete Cambridge coursework and meet the standard set for the Board Examinations. Upon achieving the Grand Canyon Diploma, students have the option to remain in high school, attend community colleges, or attend vocational trade schools.

### **Students with Individual Education Plans or Section 504 Plans**

- Completion of graduation requirements for special education students who do not meet the required units of credit shall be determined on a case-by-case basis in accordance with the special education course of study and the individualized education program of the student.
- Graduation requirements established by the District Governing Board may be met by a student as defined in A.R.S. 15-701.01 and A.A.C. R7-2-302.
- Students with individualized education programs shall not be required to achieve passing scores on competency tests in order to graduate from high school unless the student is learning at a level appropriate for the student's grade level in a specific academic area and unless a passing score on a competency test is specifically required in a specific academic area by the student's individualized education

program as agreed upon by the student's individualized education program team. These competency tests shall be administered to students in a manner prescribed in the student's individualized education program and the school shall make specific and appropriate accommodations for students with individualized education programs.

- As per A.R.S. 15-701.01, students with section 504 plans shall not be required to achieve passing scores on competency tests in order to graduate from high school unless the student is learning at a level appropriate for the student's grade level in a specific academic area and unless a passing score on a competency test is specifically required in a specific academic area by the student's section 504 plan that is developed in consultation with the student's parents. These competency tests shall be administered to the student in a manner prescribed in the student's section 504 plan and shall make specific and appropriate accommodations for students with a section 504 plan.
- A student with an individualized education program or a section 504 plan who graduates from high school, but who is not required to achieve a passing score on a competency test in order to graduate from high school, shall receive the standard diploma issued by the school district. Reference to special education placement may be placed on the student's transcript or permanent file.

### **CTE PROGRAMS OF STUDY**

Our district offers courses in state approved Career and Technical Education (CTE) programs. All programs include a coherent sequence of courses leading to student attainment of the state standards in the program. CTE courses are organized around labs that are designed to simulate actual workplace environments. Students use state-of-the-art equipment, participate in school-based enterprise, obtain leadership skills in Career & Technical Student Organizations directly related to their CTE program of study (DECA, FBLA, FCCLA, FFA, Arizona Thespians, Educator's Rising, HOSA and SkillsUSA), and perform skills that are aligned with industry standards. In CTE courses, students gain skills required to be successful in a global work environment, have an opportunity to acquire industry recognized certifications, apply academic learning to real-world work scenarios, and upon graduation, students are prepared to transition successfully to post-secondary education and are equipped with the necessary skills to begin working in a specific career.

NOTE: Some courses are taught at only one school, due to facility and/or equipment limitations. Students from one campus may enroll in a course taught on another, if scheduling permits. Students who wish to take a class at another school, and can work it into their schedules, must provide their own transportation.

### **DUAL/CONCURRENT CREDIT**

Students who are highly motivated may take courses through Arizona Western College (AWC) for dual high school and college credit. Through an agreement with AWC, YUHSD may offer AWC courses as part of the regular school program for dual high school and college credit. Courses may be offered after both course and instructor are approved by both institutions. In order for a student to receive AWC Credit, tuition and enrollment paperwork is due at the beginning of both semesters.

Dual Enrollment classes meet at the high school during the regular high school day, are offered only to high school students, and are taught by college certified high school instructors using a college curriculum and text. The high school agrees to accept these college courses toward a student's high school course requirements (A.R.S. 15-1821.01).

Concurrent Enrollment classes take place on a college campus, via the internet as an online class, or on a high school campus outside of regular school hours and are generally not accepted as fulfilling high school course requirements without the high school administration's approval.

## **STRATEGIES FOR SUCCESS**

Strategies for Success (SFS) is a district program specifically designed for those students long-term suspended during the course of the school year. Students must be recommended by a home campus administrator in order to be eligible for program participation. Prior to enrollment, students and parents must attend an orientation and agree to the terms of the program. Transportation is provided by Yuma County Area Transit (YCAT).

## **REPORT CARDS**

Progress report cards will be sent home with students at the end of each marking period so parents and students may monitor grades, school attendance, and eligibility for extra-curricular activities. Parents are encouraged to use ParentVUE to monitor student academic progress and attendance. Visit [yumaunion.org](http://yumaunion.org) to access ParentVUE under the "Families" tab.

## **OTHER PROGRAMS**

Information about other programs, including the Gifted Program (GATE), Advancement Via Individual Determination (AVID), Special Education, Title I, English Learner Program, Migrant Services, and Summer School are available in the Counseling Office of each high school and at the Yuma Union High School District Office.

## **BOOKSTORE**

All students will be issued educational materials, which will include a netbook, without charge. Students are responsible for the care of the educational materials. Any writing, drawing, or other vandalizing will be charged to the account of the student who was issued the material. Parents/legal guardians will be charged for lost or damaged materials checked out to the student. Each educational material is issued a code number when loaned to the student. The student must return this same educational material at the end of the school year or upon withdrawing from the school. Students will be charged the price of the educational material if not returned.

All fees are paid at the bookstore. Students must pay all fees owed to the bookstore for lost/damaged athletic equipment before being allowed to participate in certain dances, the graduation ceremony, or other extracurricular activities. The campus bookstore will issue a credit for refunds for amounts of \$25 or less. This includes any class changes made after the class fee has been paid.

## **LIBRARY**

YUHSD libraries have an online catalog which allows user access to resources on any internet-capable device. Library collections consist of books, e-books, magazines, and newspapers. An internet browser, full-text periodical databases and various subject databases are available to support research. The libraries provide varied services to help students meet their academic needs. Our libraries are extended classrooms. Libraries are open before and after school as well as at lunch. Students with passes issued by a teacher are welcome during all school hours.

## **HEALTH OFFICE**

The school health office is open during school hours to provide health information, dispense physician/parent-approved medications and provide first aid to students. The nurse should always be consulted in cases of injury during the school day. The nurse, health assistant, and school administrators are the only people authorized to permit a student to go home during the school day due to illness.

Prescription medications may be administered by the nurse only under the following conditions:

- The medication has been prescribed by a physician for that student.

- The medication must be in its original container and kept in the nurse’s office during the school day. (Students with medical conditions requiring them to carry medication on their person must have written authorization from the school nurse.)
- In order for the nurse to administer over the counter, non-prescription medications, the medication must be in the original container and a parent permission note must be on file in the nurse’s office.

For health office procedures please refer to our website, [www.yumaunion.org](http://www.yumaunion.org)

## STUDENT NUTRITION SERVICES

To promote wellness and fuel the brains of the future, we provide breakfast and lunch at no cost to all students, thanks to a special provision program. This is subject to change based on parent participation in returning a completed free and reduced meal application when requested by the Student Nutrition Department for special provision program renewal.

Students may bring their own breakfast and/or lunch but are not allowed to order food for delivery.

## TRANSPORTATION

Public school transportation services are a **privilege** provided for students who live more than two (2) miles from school, not an entitlement. Continued transportation service is contingent upon student compliance with school bus rules. These rules are in place to promote the safety of all students granted the privilege of riding a Yuma Schools Transportation Department bus. Failure on the part of the students to comply with these rules could result in permanent loss of riding privileges for the school year and disciplinary action from the school up through expulsion. If you have any questions/comments, please call 502-8840. Vista High School and Strategies for Success students utilizing YCAT will follow the same rules for riding privileges. Visit [yumaunion.org](http://yumaunion.org) for more information on bus routes under the “Departments” tab.

## STUDENT PARKING

Each vehicle must be registered with the campus. Each vehicle parked on campus property must display an approved decal (fee will be applicable). When registering a vehicle, the student must present a valid driver’s license, current registration and proof of insurance for the car being registered. **Excessive speed (over 10 mph), reckless driving, spinning tires, is prohibited. Parking in restricted areas** or driving over curbs is prohibited. **Parking lots are not always under security surveillance.** The school is not responsible for items stolen or damaged on campus, including vehicles or property in vehicles. The owner assumes all risks for vehicles and personal property brought to school. Student cars found in areas other than the designated lots may be towed away at the owner’s expense. Additionally, any parking or driving violations may result in loss of on-campus privileges and/or student suspension. Parents/legal guardians will be notified. All vehicles are subject to searches and seizures of illegal material.

## STUDENT LOCKERS/PERSONAL PROPERTY

Student lockers are school property and remain under the control of the school. The school reserves the right to open any locker for reasonable cause. Students should protect their property by keeping the locker locked and guarding the combination. Under no circumstances should money or valuables be kept in the locker. Students who share a locker with another student compromise the security of the locker. **The school is not responsible for items stolen or damaged on campus including vehicles or property in vehicles. The owner assumes all risks for books and personal property brought to school.**

## **STUDENT IDENTIFICATION CARDS AND STUDENT HANDBOOKS**

**Students are required to have a valid school I.D. card and present that card to any administrator, faculty member, or other school authority upon request.** During registration, students pay \$15.00 for an I.D. card and a Student Handbook is provided free of charge. Alterations of any kind, including cutting or writing on the school ID card, will result in confiscation of the card, and the student will be required to purchase a new one for an additional \$6.00. Replacement copies of the Student Handbook must be purchased in the bookstore for \$6.00.

## **SECURITY**

To help promote a safe environment, security cameras may be in use in public areas. Security personnel are also employed for the primary purpose of securing the school environment from outsiders and for promoting safe behavior.

## **VISITOR POLICY**

For the safety of students and staff, district policy does not permit visitors to high school campuses during the school day under most circumstances. Parents, of course, are always welcome on campus, but are encouraged to make appointments when attempting to visit teachers during the school day. All visitors, parents included, are required to report to the administrative offices to obtain a visitor pass before entering the campus area. Students should not invite friends or relatives to visit on campus, nor should they bring younger children to school except for approved school programs. Visitor passes will normally be issued only to those persons known by the administration. Administrators may refuse anyone a visitor pass. Any person found on school grounds without permission will be considered a trespasser and subject to immediate arrest.

## **Annual Notification to Parents Regarding Confidentiality of Student Education Records**

**THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)** is a Federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school within 45 days of a request made to the school administrator. Schools are not required to provide copies of records unless it is impossible for parents or eligible students to review the records without copies. Schools may charge a fee for copies.
- Parents or eligible students have the right to request in writing that a school correct records that they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:
- School officials with legitimate educational interest
  - A school official is a person employed or contracted by the school to serve as an administrator, supervisor, teacher, or support staff member (including health staff, law enforcement personnel, attorney, auditor, or other similar roles); a person serving on the school board; or a parent or

- student serving on an official committee or assisting another school official in performing his or her tasks;
  - A legitimate educational interest means the review of records is necessary to fulfill a professional responsibility for the school;
- Other schools to which a student is seeking to enroll;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, sports participation (including height and weight of athletes) and dates of attendance unless notified by the parents or eligible student that the school is not to disclose the information without consent.

**THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)** is a federal law that protects the rights of students with disabilities. In addition to standard school records, for children with disabilities education records could include evaluation and testing materials, medical and health information, Individualized Education Programs and related notices and consents, progress reports, materials related to disciplinary actions, and mediation agreements. Such information is gathered from a number of sources, including the student's parents and staff of the school of attendance. Also, with parental permission, information may be gathered from additional pertinent sources, such as doctors and other health care providers. This information is collected to insure the child is identified, evaluated, and provided a Free Appropriate Public Education in accordance with state and federal special education laws.

Each agency participating under Part B of IDEA must assure that at all stages of gathering, storing, retaining and disclosing education records to third parties that it complies with the federal confidentiality laws. In addition, the destruction of any education records of a child with a disability must be in accordance with IDEA regulatory requirements.

**SECTION 504 OF THE REHABILITATION ACT OF 1973**

Section 504 is an Act which prohibits discrimination against persons with a disability in any program receiving federal financial assistance. The Act defines a person with a disability as anyone who:

- Has a mental or physical impairment which substantially limits one or more major life activity (major life activities including activities such as caring for one's self,

performing manual tasks, walking, seeing hearing, speaking, breathing, learning, and working);

- Has a record of such impairment; or

In order to fulfill its obligation under section 504, the Yuma Union High School District recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability will knowingly be permitted in any of the programs and practices in the school system. The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and, if the child is determined to be eligible under section 504, to afford access to appropriate educational services. If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer. If there are questions, please feel free to contact Suman Pangasa, Section 504 Coordinator, at 502-6752.

### **CHILD FIND INFORMATION**

YUHSD #70 actively seeks children, birth through age 21, who may benefit from special education services. We use this notice as one means of annually informing our district staff, the general public, and all parents/guardians within the district's boundaries of our responsibility to make a Free Appropriate Public Education (FAPE) available to all high school age students with disabilities. In order to provide FAPE:

- Screening for possible disabilities will be completed within 45 calendar days after notification to the responsible public agency by the parents/guardians of the student, or after any student enrolls in our District without appropriate records of screening, evaluation, and progress in school. The Student Study Team (SST) will look at the student's ability in the areas of academics, vision, hearing, adaptive living, communication, social/emotional, and motor skills.
- For students who have not been involved in Special Education services previously, this Student Study Team may then suggest modifications and accommodations to be implemented in the general education setting for a period of time. The SST will reconvene after these pre-referral interventions have been in use to determine their effectiveness.
- If, after consultation with the parent, the responsible public agency determines that a full and individual evaluation is warranted, the public agency will provide required notices to the parent/guardian within 60 calendar days.
- An initial, comprehensive evaluation of a student being considered for special education will be completed, at no cost to the parent/guardian, as soon as possible, but time may not exceed 60 calendar days from receipt of informed written parent/guardian consent.
- In the case of a student who is identified with a special education need, a re-evaluation of that need is conducted every 3 years or more frequently if requested by the student's parent/guardian or teacher. The re-evaluation process need not include formal assessments.
- Some students who are not eligible for special education services may be eligible for support under Section 504 of the Rehabilitation Act of 1973. If eligible, District staff and parent may develop a written plan to assist the student.
- YUHSD #70 personnel also assist parent/guardians who seek services for their pre-high school age children who might qualify for special education services.

If you have knowledge of a child, birth through 21 years of age - including those attending private schools and home schools - who may require special education services, please call the Yuma County Superintendent's Office at 373-1006.

## **DEFINITIONS**

- A. **Detention.** Students may be assigned detention for violations of school rules and regulations. The campus detention program may consist of one or more hours of

after-school detention. Students who fail to attend assigned detentions may be suspended.

- Parents/guardians will be given prior notice of the detention and the reasons(s) for it. Transportation is the responsibility of the parents/guardians.
- B. **Suspension.** Students may be suspended from class or school only by school officials granted this power by the Governing Board (A.R.S. 15-843/1).

  - Students who are on long term SUSPENSION may be allowed to attend Strategies For Success. The Strategies for Success program is a privilege; and, therefore, the administration reserves the right to deny admittance if the student and parents/guardians will not agree to the school's guidelines or if in the administration's judgment the student is a clear and/or present danger to himself/herself or others.
- C. **Expulsion.** Students may be expelled from school only by the Governing Board (A.R.S. 15-342.1).

For the purposes of the Guidelines for Student Behavior, physical force is not illegal if a review of the evidence determines that physical force is immediately necessary to protect the student or another person against another's use or attempted use of unlawful physical force.
- Physical force is never justified in response to verbal provocation alone or after the initial user of physical force has stopped using physical force.
  - In cases which are determined to be mutual combat situations, all students involved will be disciplined regardless of who actually initiated the fight.

## **STUDENT RIGHTS AND RESPONSIBILITIES**

**School Jurisdiction (Policy JK-RB):** Students are responsible for their conduct from the time they leave home until they return home. When on a school trip, students shall be held responsible for items on their person, in their luggage, or any items found in their room.

Banned articles include but are not limited to: any item with wheels other than a book bag, glass items, sprays, balloons, band instruments which do not fit on a student's lap, and sports equipment. Only articles that can be placed on a student's lap without interfering with other students sitting on the seat, blocking the aisle or emergency exits will be permitted.

- In any cases when the administration recommends a suspension of more than nine (9) days or the expulsion of a student the parents/legal guardians have the right to appeal (see policies JKD and JKE).
- If the parent requests a hearing to contest the recommendation of the campus administration, a hearing officer will conduct the review, and issue a finding.
- The parent/legal guardian has the right to appeal the hearing officer's decision to the Governing Board by notifying the superintendent's office within five (5) working days.
- If the hearing officer's decision is taken before the Governing Board for ratification, and the Governing Board has questions after review of the testimony/record, another hearing may be set.
- If the hearing officer determines that a violation has occurred and does not accept the recommendation for long-term suspension made by the administration, the student may be allowed back in school on probation. The terms of the probation may be determined by the campus administration, which could include up to nine (9) days of out-of-school suspension and/or community service.

### **RECORD OF STUDENT VIOLATIONS**

All violations of the Student Code of Conduct by a student will be maintained in his/her file while a student is in the District. The Governing Board may, for good reason, remove the bad conduct record of a student if it sees fit to do so.

### **USE OF POLICE**

It is the philosophy and belief of the administration that the responsibility for dealing with student discipline rests with us. Thus, efforts will be made to handle such problems in-house according to the policies and procedures established by the District and the school. However, when violations of state laws or municipal ordinances occur, or when students or parents refuse to work within the established policies of the District and school, or where security of person or property appears to be in jeopardy, the administration will call the police and initiate arrest and prosecution proceedings.

### **STUDENT DISCIPLINARY PROCEEDINGS**

Each school will establish a procedure that at a minimum will provide the principal, or the designee of the school administrator, with documentation of the teacher's reason(s) for the temporary removal of a student from class.

### **REFUSAL TO READMIT PER A.R.S. 15-841:**

- Upon discussion, by the administrator with the teacher, of disciplinary action implemented in conjunction with a temporary removal in accord with the rules established by the Board, the teacher will be required to state an intent to readmit or refuse to readmit the removed student. If the teacher refuses to readmit the student, the reason shall be written by the teacher, explaining the conditions used to determine the removal, and shall be provided to the administrator by the next business day following the temporary removal.
- Either of the following conditions must exist for a temporary removal per A.R.S. 15-841.
- The teacher has documented that the pupil has repeatedly interfered with the teacher's ability to communicate effectively with the other pupils in the class or with the ability of the other pupils to learn.
- The teacher has determined that the pupil's behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the other pupils in the classroom or with the ability of the other pupils to learn.

- The matter will be referred to the school placement review committee (SPRC) constituted in accord with statute if the conditions are consistent with those stated in A.R.S. 15-841. Within three (3) business days following the date of temporary removal, the SPRC shall determine to either place the student in a new class or return the student to the existing class if that is the best or only practicable alternative.
- If the student is qualified for educational services under the Individuals with Disabilities Education Act (IDEA), any change in the student's individualized education program (IEP) shall be determined by the IEP team in accord with federal regulations.

Any teacher, administrator, Board member, parent, or other person may report a violation of student disciplinary rules to an administrator. The administrator will then make an investigation of the charges as deemed appropriate and will institute appropriate proceedings.

This information for the maintenance of public order on school property will be publicized and explained to all students and provided in writing to parents as requested. In order to promote effectiveness of student discipline, the assistance of parents in enforcing rules for student discipline shall be invited and encouraged.
